Dear Joe,

Re: Congratulations on receiving your 19th NOSCAR

We are proud to extend our most sincere congratulations on your achievement as a NOSCAR winner. With this award, you retain your place in the distinguished class of those NOSA companies on both the NOSA Five Star System and the NOSA Integrated Five Star System, as well as our individual winners, who have achieved SHEQ excellence during the period under review. These awards are bestowed on those professionals who exemplify the very highest standard in compliance, and we are proud to include you in their ranks.

We applaud your determination in continuing to establish and maintain the finest in global safety practices, and look forward to witnessing and participating in your future successes.

Yours sincerely
